

Clicker 5 Quick Start Guide

Clicker 5 is powerful when it can be used with students who have varied needs. One of the ways that Clicker 5 grid use can be enhanced and extended is by linking to other grids or pop-ups. This Quick Start Guide will take you through the process of making a new grid and linking individual cells to pop-ups.

Creating a Pop-up Grid		
1	<p>Launch Clicker 5</p> <ul style="list-style-type: none"> Choose New Grid Set... Select a template from the options by double clicking your choice (e.g. Sentence Building). 	
2	<ul style="list-style-type: none"> Navigate through layout options by double clicking until the preview appears on the Clicker 5 screen. <p>Alternatively: a single click may be used to make your choice (e.g. 4x1); then click the Create button</p>	
3	<p>Navigate to Clicker Explorer Edit Mode</p> <ul style="list-style-type: none"> Click on Add pop-up grid Click on the pop-up grid appropriate for your activity Click the Add button 	
4	<ul style="list-style-type: none"> The pop-up will now appear in Clicker Explorer Edit Mode Note the name 	

5	<p>Return to your Clicker 5 grid by double clicking on the Sequence 1 grid.</p>	
6	<p>In Edit Mode</p> <ul style="list-style-type: none"> • Right click on a cell • Go to Properties • Select the Open Grid tab • Click on the Open the pop-up grid button 	
7	<p>Open the pop-down menu by selecting the triangle</p> <ul style="list-style-type: none"> • Select Choose pop-up • The pop-up created earlier appears as the default pop-up. • Select OK <p>Repeat steps #6 and #7 for each cell you wish to connect to a pop-up grid</p>	
8	<p>Choose Pop-up Details to customize how the pop-up acts when it appears. You can customize how it looks and where it sends text.</p> <p>By default the pop-up grid sends to Clicker Writer. For other options select the pop-down menu and select as appropriate.</p>
