

How to open an Activity in Classroom Suite

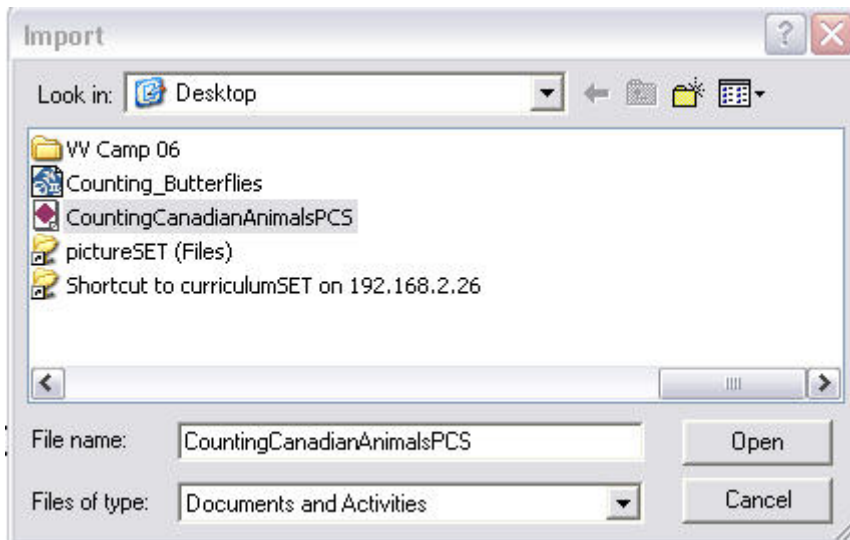

1. Download activity onto your desktop.
2. Open Classroom Suite or Classroom Suite Player
- 3.. Select "Activities" on Navigation Screen

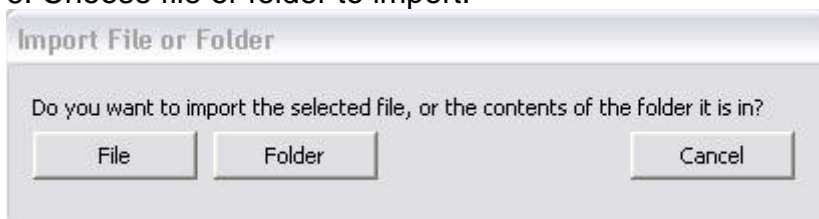

4. Select Import on Navigation Screen

5. Select the file or folder to be imported on your desktop and click to open.
(You will need to navigate to this folder on your desktop.)
Choose file or folder whichever is applicable.

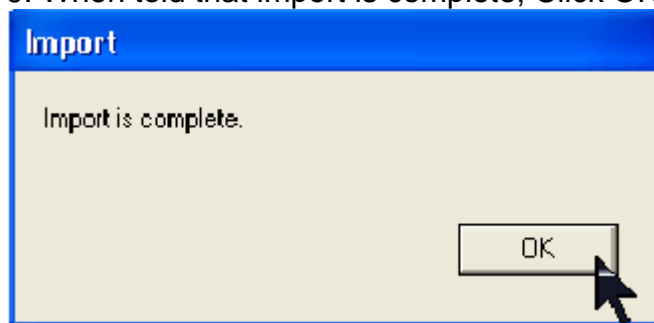

6. Choose file or folder to import.

7. A window will appear "Examining files" and will then ask to proceed with import.

8. If asked whether you want to replace any files, select "Do not Replace".

9. When told that import is complete, Click OK

10. To open activity, select and click Open.
