

SET-BC Launches Several Projects and Initiatives in October!

SET-BC is in full swing for the year with October seeing consultants completing Collaborative Action Plans, technology loans shipping to all areas of the province, and a number of 2016-2017 provincial initiatives launched. SETdirect, our new social inclusion project began in early October as did our Retired Inventory Program. Just last week we announced our second Complex Needs Technology Project with applications being accepted until November 30th. Check out the links below for more details on these and other SET-BC initiatives.
