

My Work Experience - Cleaning the Kitchen

I have a job. On Mondays I go to _____ and

clean the kitchen. It is an important job.

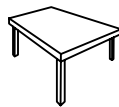

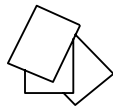

I walk to _____ with my assistant.

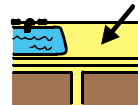

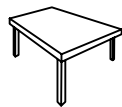

I have special tasks to do:

1

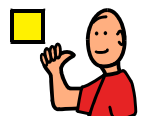

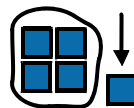

1. straighten the papers on the table.

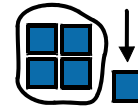

2

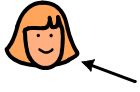

2. wipe the tables and the counters.

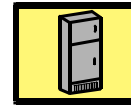

Some days I have special extra tasks to do. My

assistant tells me when there are special extra tasks and

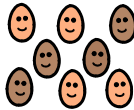

she explains them to me.

Sometimes people are working silently in the kitchen and I

can try to be quiet when I clean the kitchen.

Many people appreciate a clean kitchen.

My job is important.
