Forms in Office 365

Introduction
Forms is a program in O365 that helps you create surveys or quizzes to collect student feedback, measure student growth and knowledge, and evaluate progress.

Learning Objectives
Completion of this tutorial will give you experience with the following:

- Create a Form and/or a Quiz
- Add different types of questions
- Insert images
- Change themes
- Share a Form
- View results

This tutorial assumes

- that you have the Office 365 account.
- that you are using one of the latest Firefox “release” version, latest Chrome “stable” version, IE9 or above, and latest Safari version on a Windows, Mac or Chromebook computer and NOT a tablet or iPad.
- that you have access to Forms in Office 365.
- that you are connected to the internet.

Case Study
You are creating a self-assessment form to help students reflect on their learning. You need to learn what functions and features are available in Forms and how to use them effectively to record and collect student progress and growth.

# Adding CHOICE as a Question Type

1. Click **Add question**.

2. Select **Choice** as a question type.

3. Type a question in the **Question** space.

4. Click the **Image** button to add an image.
   - You can insert an image or a video clip from YouTube.

5. To insert an image, click **Image**.
   - You can find the image you want from the internet or insert any existing image from OneDrive or your computer.
If you want to insert an image from the internet, make sure that the “Search results show images tagged with Creative Commons licenses.” message is clicked.

To insert a video, click Video.

Paste the Youtube URL to the URL bar. You can only insert a video clip from YouTube.

Type multiple choice answers in Option 1 and Option 2.

If you want to add more options, click Add option.

If you want to add Other as an option, click Add “Other” option.
You can make the question as a **Required** question or allow multiple answers for the question by changing the settings at the bottom of the question.

To have O365 Forms randomly shuffle the order of the options displayed, click the ellipses button (...) in the bottom right-hand corner of the question and then click **Shuffle options**.
