

MindMeister (Web-based)

Introduction

MindMeister is a web-based tool that can be used to organize, visualize, and present information through a mind-map. Users can add icons, photos, videos, comments, notes, links and attachments. This brainstorming and planning tool allows the user to collaborate online with others.

Integration Ideas

- Demonstrate MindMeister to students by using it for a group brainstorming activity
- Group-work brainstorming and planning
- Summarize the day's learning
- Planning/develop writing
- Historical timelines
- Diagrams
- Unit Plan
- Cause and Effect
- Family Tree
- Seating Plan
- Graphic Organizer

Task Challenge/Activity

- Title your Map by naming the central/main idea
- Double-click on the blank space or click the “+” sign to add an idea
- Type in a caption
- Click and drag an idea to reposition it
- Click on a caption and use the “+” to add a sub-caption
- Change the background and text color of an idea
- Add a photo, icon, or video to an idea
- Add a note or comment to an idea
- Attach a link to an idea
- Share your MindMeister Map with someone
