

We are Off and Running in 2016-2017!

It has been a typically busy start to the school year for everyone but we are well on our way! Our SET-BC consultants have continued planning with teams for our core services and our supplemental services have also started rolling out. We are looking forward to a great year working with district and school teams in all corners of British Columbia - check out our Quick Start Guide for a list of all our available services!
