

Need help learning technology?

Prefer to be trained in-person?

Join us for face to face sessions at SET-BC (#105-1750 West 75th in Vancouver) to explore common technology tools that you already have in your classroom! Come with ideas and be ready to create! Bring your computer, iPad, or a USB drive.

Maker Sessions are:

- Informative - *Pick from a wide range of topics that will suit your needs.*
- Useful - *Access information in small pieces that can easily be put into practice immediately.*
- Personal - *Receive personalized guidance and support from SET-BC consultants.*
- Fun – *Create resources for students. Dinner is included in the evening sessions.*
