

Being Last

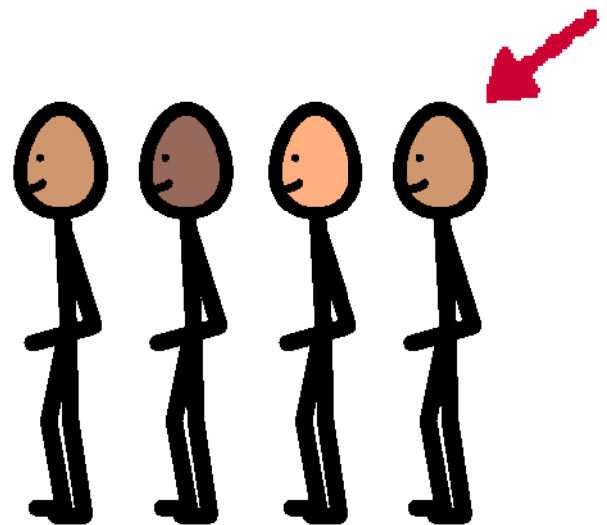

When our class goes somewhere we line up.

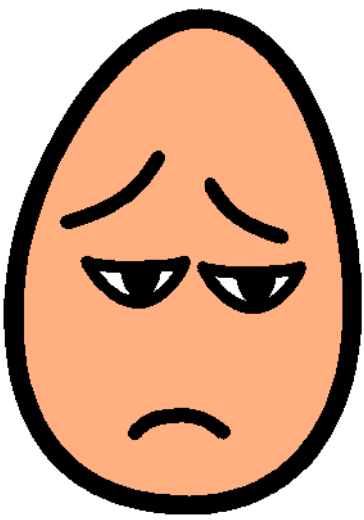

Sometimes I'm at the front of the line.

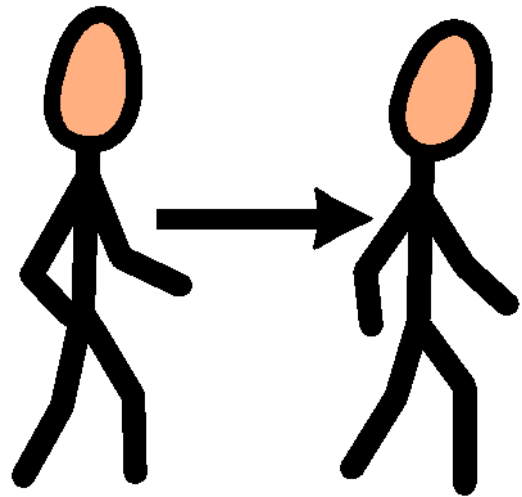

Sometimes I'm in the middle of the line.

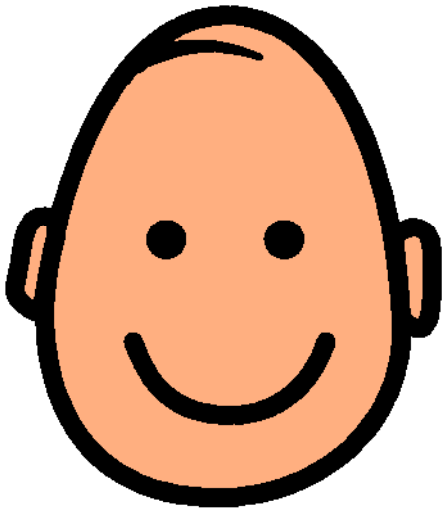

Sometimes I'm at the end of the line.

Sometimes it's hard to be last in line.

When I'm last in line I will watch and follow the friend who is in front of me.

It's OK to be anywhere in the line. Everyone gets to where we are going.
